

Know your rights

CASTLEMAINE HEALTH EMPLOYEES

Payment for your contracted hours

Upon commencement of your employment there is an agreed number of minimum hours (except for casual employees). For full-time employees this is 38 hours or 40 hours with a monthly ADO. For part-time employees it is an agreed minimum.

You cannot be paid less than your contracted hours.

Even if you work less than your contracted hours, your employer is obligated to pay the entire amount of your contracted hours.

If you have been paid less than your contracted hours, or are being asked to reduce your contracted hours, please call the union office immediately on (03) 9341 3300.
